Memo to: Staff

Here are the photos for the Playmate-of-the-Year feature. It should be the capper of a fine issue that includes a caustic interview with Gore Vidal, "Playboy's Guide to Mutual Funds" by Michael Laurence, a great new story by Ray Bradbury, Jean Shepherd recalling his junior prom, a chilling report on "The Paramilitary Right," Robert Morley rating "The Grand Hotels" of the world, and a revealing pictorial on the filming of "De Sade," plus much more, of course.
